

Sport Premium Funding Report – 2015-16

Purpose of the report:

The purpose of the report is to provide governors with information on the academy's Sport Premium Funding and its impact on children's learning

Recommendation:

It is recommended that the report is:

- *Noted*
- *Governors identify whether any further information is required*
- *Governors approve the report for publishing on the academy's website*

At Essa Primary, we recognise the contribution of PE to the health and wellbeing of the children. We believe that an innovative, varied PE curriculum and extra-curricular opportunities have a positive influence on the concentration, attitude and academic achievement of all our children.

Our Primary School Sport's Funding will enable us to continue and extend our provision through employing sports professionals from Essa Academy.

What is the Sports Premium?

The government is providing funding of £150 million per annum for the academic years to provide new and substantial primary school sport funding. The funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary schools to spend on improving the quality of sport and PE for all their children. Each school will receive £8,000 plus an extra £5 per pupil each year for the next two years. That will mean around £8,725 this academic year for our school. The money can only be spent on sport and PE provision in schools.

Purpose of the funding

Schools will have to spend the sport funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this.

Use of the funding at Essa Primary:

- Hiring specialist PE teachers from Essa Academy to teach the children in Years Two and Three PE for at least one hour per week.

- Ongoing sport clubs after school provided by staff and resources purchased (cricket, multiskills, dance and athletics).

Impact of the funding

The additional funding is used to make improvements in PE.

- The profile of sport across the school has been raised
- The number of extra-curricular sporting clubs has increased again this year.
- High numbers of our children have participated in one or more of these clubs.
- Enhanced sports facilities for Years Two and Three through some of the lessons being delivered in the Academy building.
- Throughout the year students from Essa Academy (prefects) support our children with playground games at lunchtime. This reflects a strong ethos of sport and the benefits associated with it.

In evaluating the impact of the Premium its use has improved PE and Sports provision.

PE Premium Funding Planning for 2016-17

During the next academic year, an external provider will be bought in to the academy to deliver high quality PE in Key Stage One and Two. This will also incorporate the delivery of extra curricular activities in preparation for attendance at local sporting competitions and activities, Through the use of an external provider, support will be provided to all staff to ensure that all teachers feel confident in the delivery of their own PE lessons and that as a result the teaching and learning in PE will improve. It is anticipated that the PPA cover for PE and the additional resources required will cost approximately £9000.

The money will be used towards the following outcomes:

- Teachers to have on-going access and support to an in-school PE Specialist
- All Children to benefit from sport, regardless of their ability
- Children have the opportunity to compete and participate in PE and Sport beyond the school day
- Staff to have access to CPD opportunities and training
- Purchase of Sporting Equipment for the school
- To be committed to providing a wide and varied number of opportunities in Sport and PE in order that 100% of our Key Stage Two children can participate in a competitive event.
